

Latest Update 16th March 2020

All YMCA Fitness facilities will close operation as of March 18th, 2020 until further notice.

For the past number of days, we have implemented additional protocols to ensure that staff and our members and guests can train in a safe environment including a deep clean sterilisation. Compliance with these measures has been excellent, and we want to thank everyone for playing their part.

However, we feel that to ensure that everyone stays safe and that there is no additional risk of exposure to COVID-19 created, we are closing YMCA Fitness facilities. We apologise for this and for any inconvenience it will cause.

Information for Monthly Members (Direct Debit payment).
Your membership is frozen effective 18th March inclusive.
There will be no direct debit payment processed on the 27th March
Any days that have been paid for (18th March onwards) will be credited when we resume normal operations.
For Direct Debits payments up to 20th March have been processed in advance and sent to the bank in line with our regular procedures, upon reopening the facilities we will make all necessary adjustments to your payments.

Information for Annual Members
Your membership is frozen effective 18th March inclusive.
Any days that have been paid for (18th March onwards) will be credited when we resume normal operations.

We would like to thank all our members, guests, and staff for their excellent work and support over the past few days. YMCA staff will continue to work over the coming weeks internally, and where possible we will support our local communities. If any of our members require help and assistance during this period please let us know.

Our fitness teams are brainstorming ideas on how to serve you during this challenging time. Please follow us on Facebook, Instagram, and Twitter to keep in the loop on what we are doing and when we plan to reopen.

Stay safe, #StopTheSpread and help #FlattenTheCurve

Kind regards,

Fitness management Team
